

High Brightness

High Contrast Ratio

# X-Poster TF

High Resolution

High Color Saturation

## Dynamic Transformation

Expertly transitions between a full 93" display, an 83" horizontal folded display, and a compact 46" horizontal & vertical folded display.

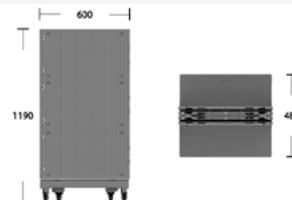

## Seamless Splicing

Utilizing seamless splicing technology, the TF series presents a stunning 163-inch 16:9 display, creating an expansive and uninterrupted visual surface.

## Easy to Transport

Fully folded, it takes up minimal space, making transportation convenient.

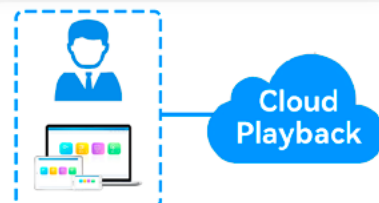

## Infinite Possibility

Supports 90° splicing; multiple units can form shapes like square loops or regular hexagons.

USB    HDMIx2    AUDIO    LAN

## Multi-Interface Compatibility

## Cloud-based Playback Architecture
